0 = as good as LR on VCI(T)
Bi-LSTM, the paper's model
(added before fresh-test scoring)
Residual Bi-LSTM
(pre-registered)
GRU
(pre-registered)
VCI-only Bi-LSTM
(added after development)
CNN + Bi-LSTM
(added after development)
CNN + LR
(added after development)
Boosted trees (monotone in VCI)
(best simple model)
Fresh test, 2025-01 to 2026-09
Development, four folds
